**New York State Contract # PC65037**

Effective August 27, 2010 to August 26, 2015

# New York State Contract Scanner Order Guide

**Canon DR-3010C:** The DR-3010C compact workgroup scanner is Canon's fastest and most reliable desktop workgroup scanner. The slant paper path design ensures smooth handling of all document types. Fast color scanning occurs at the same speed as black and white and grayscale - up to 30 ppm in simplex or 60 ipm in duplex.

NYS Contract Price: \$816

**Canon DR-4010C:** The DR-4010C departmental scanner is built for the utmost productivity. It handles a wide variety of document sizes from business cards to legal size documents. Ultra-fast color scanning occurs at the same rapid rate as black and white - up to 42 ppm in simplex or 84 ipm in duplex.

NYS Contract Price: \$2,231

**Canon DR-5010C:** Productivity comes standard with the Canon DR-5010C scanner. This departmental scanner is packed with power, yet built for effortless scanning. The DR-5010C provides ultra-fast color scanning at the same rapid rate as black and white - up to 50 ppm in simplex or 100 ipm in duplex.

NYS Contract Price: \$3,349

**Canon DR-6010C:** The DR-6010C departmental scanner offers another option for decentralized capture scanning needs. This scanner delivers high-speed, reliable document handling and quality images in a small package. It is capable of maintaining the same scanning speeds in black and white, grayscale, and color - up to 60 ppm/ 120 ipm.

NYS Contract Price: \$2,604

**Canon DR-6050C:** The DR-6050C production scanner has been developed to withstand the rigors of production-level scanning. This scanner is capable of high-speed, accurate, and flexible imaging in order to convert and process vast amounts and wide ranges of documents - up to 70 ppm/ 140 ipm in black and white, grayscale, and color.

NYS Contract Price: \$4,302

**Canon DR-7550C:** The DR-7550C scanner is built to match the volume requirements of production level scanning. This workhorse scanner keeps pace with the speed and paper volume of any agency in order to meet the challenges of the toughest document scanning jobs. It is capable of up to 112 ppm/ 225 ipm in black and white, grayscale, and color.

NYS Contract Price: \$5,047

**Canon DR-9050C:** The Canon DR-9050C production scanner is equipped with a dedicated, onboard image processing chip, making it capable of maintaining high scanning speeds of up to 112 ppm/ 225 ipm in black and white, grayscale, and color. It delivers unattended batch scanning for optimizing workflows and improving productivity.

NYS Contract Price: \$7,431

**Canon DR-X10C:** The DR-X10C delivers unrivaled image quality at rapid speeds of up to 128 ppm/ 256 ipm in black and white, grayscale, and color. The energy efficient and durable DR-X10C is the ultimate solution for quality production level scanning. It is the flagship mid-volume production scanner from Canon.

NYS Contract Price: \$13,406
